

## How membership works

First, we'll do a background and driving record check.

If the B&D check qualifies you, the next step is to pay your membership initiation fee.

**MEMBERSHIP INITIATION FEE : \$3,599**

Then, choose from four annual usage packages with varying allotments of "points" used throughout the year to reserve your access to vehicles in the fleet.

The points system provides you with the flexibility to drive your vehicle of choice when it suits you. Additional points can be purchased as needed.

### ANNUAL POINTS PACKAGES TO CHOOSE FROM:

300 pts	500 pts	700 pts	1,000 pts
<b>\$ 2,899</b>	<b>\$ 4,299</b>	<b>\$ 5,299</b>	<b>\$ 6,699</b>

### VEHICLE USAGE RATES: PEAK-SEASON (APR-SEP)

Use a vehicle for 3+ days and we'll refund 10% of your points.

## Get in on the ground floor

MyOtherCar is providing a unique opportunity to a select few who recognize the potential of this service venture:

### THE VANGUARD MEMBERSHIP

In addition to driving a fleet of fine automobiles, Vanguard Members are granted the following additional privileges:

**EXCLUSIVITY:** Membership in the VM group is limited to only thirty (30) individuals; those outside the VM group will not have access to the set of distinct benefits described here.

**BONUS ACCESS:** Individuals in the VM group will each receive two (2) free long weekends (F-Su) of fleet usage during the first twelve (12) months of their membership, and a 15% discount on the purchase of their first annual points package.

**INFLUENCE:** MyOtherCar will meet with the VM group every six (6) months, wherein they are welcome to provide input on the fleet and service offerings, as well as have the opportunity to review our overall business progress.

**ASSIGNABILITY:** At the beginning of their third year of membership, individuals in the VM group gain the freedom to assign or sell their Vanguard Membership to anyone who meets the qualifications for membership in MyOtherCar.

**EQUITY:** Individuals in the VM group will be invited to upgrade their memberships to VIP status, which will enjoy — among other entitlements — the opportunity to purchase an equity share in MyOtherCar as the company enters its first round of external funding.

## Legal stuff : the highlights

You must have a valid credit card and driver's license, and be over 25.

You will be asked to provide a modicum of personal information that will be used solely to conduct background and driving record checks — a requirement for qualifying you as a member.

We take our members' privacy very seriously, so rest assured that your personal information will be kept secure and will only be used to conduct the necessary business related to your membership. We will not sell, lease, post online, or otherwise make available your personal information to third parties without your express consent. We won't sign you up for any magazine subscriptions (not even cool auto mags) and we definitely won't call you at improper hours.

Your auto insurance must be active to use the vehicles, as your policy will be the primary insurance that covers liability, collision, and comprehensive charges that could occur during, or result from, your use of a fleet vehicle.

Additional drivers of fleet vehicles (spouse, partner, etc.) will need to go through the same qualification process as you.

You have six (6) months from the time your membership is activated to purchase your first annual points package, but to qualify for the 15% discount, you must purchase your first annual points package at the same time you pay your membership initiation fee.

We expect that you will treat our fleet vehicles with the utmost care. Please refrain from smoking, eating, drinking, transporting pets, or engaging in any activity that would compromise your control of (and safety in) the fleet vehicles. Please do not race the vehicles, take them off-road, or perform driving stunts in them. Please do not climb in and out of the vehicles "Dukes of Hazzard" style. Avoiding these scenarios will also help you refrain from throwing up in the vehicles, which is also frowned upon.

All of our fleet vehicles require Premium fuel or they get cranky. We reserve the right to request receipts when returning the vehicle.

In the unlikely event that a fleet vehicle becomes undrivable, we'll arrange to have it towed and provide you with alternate transportation.

In the unlikely event you damage a fleet vehicle and is found at fault, we will ask for a damage deposit equal to 10% of the average vehicle value as a condition for maintaining your membership status in addition to any additional settlement cost resulting from the incident.
